### **Old Business:**

Trailer has been put into storage for the winter

The club will cover the cost of the meal of the Christmas dinner

### **New Business**

Trail updates: Met with Acadia Timber and talked about bridges that needed resurfaced and did not get an answer but was asked if we wanted to cost share on it and Sarah said no because there is active harvesting on these roads so not our responsibility.

Membership: suggested to add a communication with the trail permits to state what people get for their \$75. What can we do to get more people to meetings, move our meeting place, change date or time, guest speakers or be more active in promoting our meetings. How do we get people who don't buy passes to buy them, need more law enforcement on the trails.

Trailer Update: Trailer needs updated on the outside should be rewrapped possibly in the spring. Doug Cook moved to have trailer rewrapped but after some discussion he rescinded his motion. We will wait until after inspection in the spring to decide.

Regional Director updates: Quad NB has updated its insurance coverage policy. A code of conduct policy is forthcoming to ensure respectful treatment between permit holders and QuadNB staff/directors.

Don Calhoun is the new president of the River Valley ATV club

AGM will be in Moncton after suggestions/comments from 2025 AGM attendees.

ATV Maine is prepared to cancel the prepared agreement due to lack of response from GNB.

Economic study was completed and if trails were multi use there would be an increase of economic contribution from ATV's.
